Allow underscores in project identifiers. #146

History

2011-02-04 08:30 pm - Derek Montgomery

- Target version set to 1.1.0 â€" Bell

- File CP_underscore_in_identifier.patch added

- Assignee set to Eric Davis

- Status changed from Open to Ready for review

Added patch file (thanks thegcat)

2011-02-04 08:50 pm - Holger Just

We use that patch in different production sites for some time now. No issues whatsoever. I vote go.

2011-02-04 08:52 pm - Holger Just

- Target version deleted (1.1.0 â€" Bell)

- Assignee deleted (Eric Davis)

- Status changed from Ready for review to Needs more information

Oh, forgot, we still need a test for that. So I withdraw my vote until we have a test failing without the patch and passing with it.

2011-02-05 01:29 am - Eric Davis

Should we allow an identifier to start with an underscore also?

I also think there is a locale string that needs to be changed, identifier has a text hint:

<pre>
  text_project_identifier_info: 'Only lower case letters (a-z), numbers and dashes are allowed.
Once saved, the identifier can not be changed.'
</pre>

Holger: should we set the Status to Open? Needs more information is used if the request isn't clear.

2011-02-05 01:41 am - Holger Just

- Status changed from Needs more information to Open

Probably better, yes.

I can't think of a reason not too.

I'll give it a try. Is this small enough for 1.2.0?

2011-02-20 10:35 pm - Toshi MARUYAMA

Please see.

You need to change config/routes.rb.

https://github.com/brentsowers1/redmine/blob/master/config/routes.rb#L198

As this doesn't break backwards compatibility, I'd even put it in 1.1, feel free to reschedule if you don't agree.

2011-02-22 07:18 pm - Eric Davis

Felix:

Need to change the i18n strings too. See "note 4":https://www.chiliproject.org/issues/146#note-4 above

- Status changed from Ready for review to Closed

I didn't want to spam with the locale changes :-) Committed in commit:9ed2d8ed77906c21f6df8331008aad2adcf23148.
