Correct error message on group name #873

History

2012-02-08 06:24 am - Tom Rochette

I confirm the message is incorrect.

Repro step:

1. Go to the *Groups* page in the administration section
2. Click on *New group*
3. Type in a group name longer than 30 characters.

Result: Incorrect error message *Last name is too long (maximum is 30 characters)* is displayed.

This is a side-effect of using the lastname variable in app/models/group.rb which inherits from Principal (problematic Liskov substitution).

2012-02-16 07:11 pm - John Yani

Is 3.0.0 released or not? Why is this issue still open?

2012-02-16 07:21 pm - Holger Just

- Target version deleted (3.0.0)

- Affected version set to 3.0.0

2012-03-23 09:06 am - Robert Mitwicki

- Status changed from Open to Ready for review

Hi,

I fix that problem and I add test for that:

<https://github.com/mitfik/chiliproject/commit/efd0b1dec91c820bd70c4085d6e9ef63dd76dcdc>

is waiting in pull request:

<https://github.com/chiliproject/chiliproject/pull/167>

P.S. I just add this fix to existing pull request, give me know if that is ok.

2012-03-26 07:18 am - Robert Mitwicki

I moved fix to separate branch as is should be:

<https://github.com/chiliproject/chiliproject/pull/175>
