Confirmed, when deleting the description the strike-through goes on for the whole page.

#### 2012-03-01 12:52 am - Felix Schäfer

This has actually been introduced in commit:08454ab7: The old value first gets styled with @strike@, then truncated to 80 chars, thus removing the closing @strike@ if the description is long enough.

Eric, would you have a minute to go over it?
